

## **Blanket and Specific Waiver Endorsement Instructions**

FCBI issues "blanket waivers," and "specific waivers." Blanket waiver endorsements waive subrogation rights to any entity our policyholder performs work for under a written contract that requires a waiver of subrogation endorsement to their workers' compensation policy. Specific waiver endorsements waive subrogation rights only to one specific entity named in the schedule of the waiver endorsement.

The premium charge for a specific waiver is \$200. The premium charge for a blanket waiver is \$400, or 2% of premium, whichever is greater as determined at the time of endorsement and adjusted accordingly at the policy's final audit.

Blanket waivers will automatically renew. Specific waivers are only good for the term of the policy period and will end at the policy's expiration; they **DO NOT** renew. We cannot issue a waiver of subrogation endorsement for expired policies or for policies that have been issued a Notice of Cancellation.

To request a waiver of subrogation endorsement to a policy, please send a copy of a waiver application which can be found at [www.fcbifund.com](http://www.fcbifund.com). Not required or mandatory, but if available, please send a copy of the written contract.

If you have any questions regarding waivers of subrogation, please contact our office at 866-4my-fcbi (469-3224) or send an email to [policy@fcbifund.com](mailto:policy@fcbifund.com).

**Please return the form to the sender or to [policy@fcbifund.com](mailto:policy@fcbifund.com).**
